tracing your ancestors world-wide

**6th February 2021
MONTHLY MEETING**

Darryl Brady

“Advancing your DNA Tree”

Anyone, no matter what level of understanding around DNA, can take some basic steps that will turn the mystery into a powerful additional tool, to advance your genealogy and help break down walls.

After a brief overview for beginners, delve into the steps it takes to confirm and work with your close DNA matches to identify your parents maternal and paternal lines.

Darryl has a Diploma in Family History and runs one of WA’s longest online family trees. He currently works with over 100 DNA kits that he manages. He has helped a number of people find and connect with their biological family lines.
